*10th International Conference on
Mechanochemistry and Mechanical Alloying*
www.income2022.it

Dear Colleague,

There are only about 6 more months to the 10th *International Conference on Mechanochemistry and Mechanical Alloying 2022 (INCOME2022)*, which will be held as a hybrid event in Cagliari, Italy, during June 6-10, 2022.

Organized by the University of Cagliari and the COST Action CA18112 *Mechanochemistry for Sustainable Industry (MechSustInd)*, INCOME2022 will offer an essential opportunity for individual scientists, research groups, institutions and industries to advance fundamental knowledge in mechanochemistry and mechanical alloying, develop applications, catalyze cross- and multi-disciplinary collaborations and address the challenges that we have to face as a scientific community and as human beings in a world burdened with global humanitarian, health and economic crises and oppressed by epochal environmental changes.

Supported by sponsors, several prizes will be awarded for *Best Poster Presentations* and *Best Oral Communications* granted by *Walter de Gruyter GmbH* publishing house, *Crystal Engineering Communication (RSC)*, *Molecules (MDPI)* and *Reaction Chemistry and Engineering (RSC)*. During the event, the international *MechSustInd Prize*, supported by the *European Young Chemists' Network (EYCN)* and the COST Action CA18112 *MechSustInd*, will be also awarded.

We invite submissions for conference presentations. Abstracts should contain all relevant information to allow the peer review process (please follow the instructions on the website <https://www.income2022.it/>).

We remind you that submissions are open for the *Virtual Special Issue* entitled *Progress in Organic Mechanochemistry* to be published in *Green Chemistry Letters and Reviews (Taylor & Francis)*.

The intention is to organize other special issues of selected papers in appropriate journals. Work is in progress.

Timeline

31 March 2022 – Early registration and abstract submission deadline

15 April 2022 – Notification of abstract status

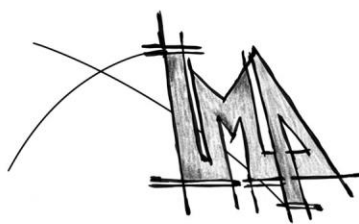

30 April 2022 – Registration deadline

06-10 June 2022 – Conference in Cagliari, Italy

We look forward to receiving your submissions and seeing you on June 06-10, 2022 in Cagliari, Italy.

With our kindest regards,

Prof. Francesco Delogu
Conference Chair
